# Happy New Year

**TALLAHASSEE** — With all eyes on the clock and interest in what the new year will bring, the Florida Highway Patrol today reminded drivers that the most critical period of time to consider is not next year but instead the next minute.

Colonel H. N. Kirkman, director of the Department of Public Safety, said, "At the

close of the year when we look to the future, we are inclined to view time as endless and overlook the realities of the moment. The most important time for any driver to consider is always the next minute."

Crowded highways are expected as usual over the New Year's weekend. Based on past records the Patrol expects 26

lives to be lost in crashes during the 78-hour period from 6:00 p. m. Friday, December 29 through midnight January 1, 1968.

"Let's end the old year and start the new year right by proving this prediction wrong," concluded Kirkman. "We can do it if every driver will devote all of his attention to safe driving — every minute."

## County Commissioners Tuesday Review Home Closing Order

County commissioners Tuesday agreed to take a second look into a court-ordered phasing out of a county home in hopes that it may remain open and be utilized for children destined by the juvenile court.

Chairman E. F. Van Kessel opened the discussion which led to the decision by saying he had received many requests to continue operations at the Inlet Boulevard Children's Home.

Stating that he was aware of legalities and a federal court directive, Van Kessel expressed the opinion that the commission "should give consideration" to requests. He suggested a recheck of the federal court order and discussions with juvenile court authorities in the county as well as federal judges.

County Attorney Bruce Jones, who was authorized to make the contacts, later said he would study the federal "petition" to ascertain if the order specified closing the home or integrating it. Board members felt it could be kept open on an integrated basis, thereby providing a service to county taxpayers.

Van Kessel noted that the facility is not in a poor physical condition as generally believed.

Commissioner Dan Gaynor made the motion authorizing Jones to ask the federal court to reconsider its decision to "close" the home and pave the way for continued use on an integrated basis. He noted later that the method of operations naturally would be up to the county's juvenile court authorities.

At a November meeting, Judge Edward J. Emory explained to the commission that a federal order directed the closing of the Inlet Boulevard institution in Riviera Beach by next March 31 and plans called for the closing of the county home by the end of January.

Judge Emory said children at the home would be transferred into Sabal Palm Home in Mangonia Park.

Following the decision Tuesday by the board, County Engineer George Frost said he thought continued operation of the Riviera Beach facility would save money which would be necessary to provide additional space at Sabal Palm Home.

Commissioners George Warren and E. W. (Bud) Weaver led a discussion which resulted in a board decision to include an estimated \$50,000 in next year's budget for the extension of Lake Park Road to acreage controlled for Youth Conservation Camp of South Florida, and for industry.

Youth Camp President Chester Sims had explained to the board that there is no adequate access into the recreation area south of Beehive Highway in the Corbett Wildlife Management Area. The Youth Camp, when completed, would be open to adults as well as youth. Sims said. He noted that the Game and Fresh Water Fish Commission, owner of the land, has given the non-profit Youth Camp organization a long-term lease and has agreed to conduct a fish stocking program.

Mr. Fischer from Sims and D. A. Davis, Belle Glade, caught 16 bass last Thursday which included two 8-lb. bass, two 7-lb. bass and four weighing 4 lbs.

Mr. Fischer caught the biggest fish of all, a huge cat fish weighing 40 lbs. He was fishing for bass with a shiner. He also caught 5 bass.

Elmer Dunaway and son Roger brought in 9 bass up to 7 1/2 lbs.

When the warm winds went into hiding this weekend, so did the fishermen. The few who braved the elements came in with good catches.

Ralph Carter brought in 44 specks Friday.

Dale Allen went after bass and got 10—including one that weighed in at 6 pounds.

Two of Santa's helpers stationed in Ft. Lauderdale stopped in Saturday to relax before the Sunday evening rush and caught 20 specks.

The weatherman promises warmer winds this weekend and the fishing will be good in the Belle Glade area. So bring the new bait! and start the New Year right.

**TALLAHASSEE** — Colonel H. N. Kirkman, director of the Department of Public Safety said today in a traffic advisory that a holiday traffic storm will exist.

"We want to warn all drivers that the calm between Christmas and New Year can be very dangerous," Kirkman

said, "and this is no time to relax your safe driving guard any more than you should take down your shutters in the eye of a hurricane."

The veteran Highway Patrol commander referred to a kind of "holiday intoxication" that does not come from a bottle but which starts before Christmas and lasts until after New Year's.

He warned that a kind of gaiety and excitement akin to recklessness can grow from a feeling that nothing can happen to mar such a happy time.

In conclusion Kirkman said, "Don't wait for the New Year to try and be a better driver—you may never make it."

Members of the Community Methodist Church wished residents of Belle Glade a Merry Christmas Thursday and Friday night by presenting the real meaning of Christmas with a live nativity scene in the church yard facing Avenue E.

## Highway Patrol Swarm On 80 In Attempt To Reduce Accidents

The Governor asked for stringent enforcement of traffic laws along State Road 80 to begin this Christmas season.

As a result the motorist who dares to break the rules of the road is being caught, more are being more careful, and the drive to West Palm Beach is a little safer.

Heavy patrolling, radar and airplane cloaking are also being used by the Highway Patrol in an effort to end the road's fame as a killer highway.

This is a stop gap measure until funds can be found to construct a four-lane highway from the coast to the Glades.

Among the competitors will be members of the army skydiving team from Ft. Bragg, providing some of the roughest competition for the individual civilian divers.

Over 50 skydivers will meet December 29, 30 and 31 at Indian town for one of the largest skydivers meets held in the Southeast.

Over twenty parachutists are already in Indian town making daily jumps in practice for the meet.

Competition jumps will be scheduled from daylight till 1 P. M. each day of the competition.

## Married In Catholic Rites

Miss Sandra Kay Farmer became the bride of Michael John Marotta in a 7 p.m. double ceremony at St. Philip Benoit Catholic Church on November 22.

The Reverend Monsignor Joseph M. Jauristi officiated. Arrangements of white Fuji mums and Christmas greenery graced the altar, flanked by two nine-branched tree candelabras with draped garlands and holly. The pews were marked with cedar garlands and holly.

Traditional wedding music was played by David Cunningham, organist and Jorgi Crews sang "I Love You Truly" and "The Wedding Prayer."

The bride is the daughter of Mr. and Mrs. Aubrey Farmer, 173 N.E. 3rd St. She is a graduate of Belle Glade High School and is attending Palm Beach Vocational of Cosmetology.

The bridegroom is the son of Mr. and Mrs. Ralph John Marotta, 145 N.E. 3rd St. He is a 1965 graduate of Belle Glade High School and is presently employed by McArthur Dairy.

Given in marriage by her brother-in-law, Darbie Merwin Granberry, the bride wore a white floor length satin gown, fine and embroidery on the featuring an embroidered neck-sleeves. The A-line skirt fell into a chapel train. Her pearls. She carried a bouquet of white carnations and lilies.

Miss Bobbie Gayle Cunningham, sister of the bride from Pahokee was matron of honor. She wore a red velvet full length gown with white fur muffs with holly attached. Her hairpiece was made of lace.

Ralph Marotta, Jr., brother of the groom served as best man. Ushers were Horace Ray Mann, brother-in-law of the bride, Harry Cunningham, Pahokee, brother-in-law of the bride and Allen Fowler of Pahokee.

For her daughter's wedding Mrs. Farmer chose an a qu a peau de sole dress with jeweled neckline and sleeves and a corsage of pink camellias. Mrs. Marotta, mother of the groom, was attired in a long opera suit with white mink cuffs on pocket. Her corsage was of pink Camellias.

The reception was held in the parish hall of the church. Assisting were Mrs. Milton Brackin, Mrs. Catherine Cunningham, Mrs. Merle Ward, Miss Susie Winterwood and Mrs. Lucille Arnold. Hilda Hays kept the wedding book.

The table held a three tiered wedding cake topped with miniature bride and groom and a five-branched silver candelabra of white carnations and boxwood and holly. The punch table held two crystal punch bowls.

For her wedding trip to Ocala, the bride wore a pink cordless entwined with silver thread. On returning, the couple will take up their residence on N.W. Ave B, Belle Glade.

Guests during the holidays of Mr. and Mrs. James L. Greer were Mr. and Mrs. Thomas Quirk and daughter, Colleen, of Lake Worth, Mr. and Mrs. Robert Greer and sons of Okeechobee and Mrs. Beverly Terrell and children of Miami. ## THOUGHT OF THE WEEK

The shortest way to do many things is to do only one thing at a time.—Cecil

## LETTER TO THE EDITOR

# Sugar Head Says Industry Shares Community Concern

EDITOR'S NOTE: Although the letter to the Editor that ran last week was published unsigned, this was at the paper's discretion, not the request of the writer. The Herald's answer was caustic, matching the tone of the letter. However, we did not wish this cake on a personal level, but rather as a issue worthy of discussion.

Dear Sir:

It was quite apparent from the photograph and accompanying letter to the Editor that appeared in the December 21, 1967 edition of the HERALD that the author was criticizing the Sugar Cane Growers Cooperative of Florida's sugar mill and the associated furfural plant, in addition to the HERALD for doing nothing to correct this state of pollution. For this reason, even though we have been advised to ignore this criticism, we want to assure the author of that unsigned letter, as well as the entire community, that we also share the great concern.

We are highly appreciative of the position taken by the HERALD in the above letter. We feel, however, that the community is entitled to know our position and our policy regarding this matter or any other matter, in which we are involved, related to making our community a better place to live.

It is true that we have added to the emission of particles and odors into the air that have under certain atmospheric conditions become somewhat objectionable. We will not attempt to make excuses or try to rationalize this fact by telling the public that we place over sixteen million dollars into the economy of the area and State annually or provide employment for over 2,000 people in the production of raw and furfural exclusive of the employment and contribution to the economy of the area by the many farms that produce the sugar cane. This approach would be one which would neglect our community responsibility and would not add a solution.

We want, however, to assure everyone that

we are as equally concerned as the author of the unsigned letter. However, more importantly than just being concerned, we are doing something about correcting the problem. We have made considerable progress since our first year of operation. We have a policy of full cooperation with the Florida Air and Water Pollution Commission. Presently, we have a study in process by a firm of highly competent engineers for improving any condition which creates harmful pollution. The final answer will be slow in coming, however, in the meantime we will continue to make corrections that will minimize the causes of complaints.

This is also an open invitation to anyone who shares the deep concern the author of last week's letter had to personally visit our office to give us an opportunity of informing them in person. We are taking to make corrections. Everyone can rest assured that a "Crusade" by the HERALD or individuals is not necessary. Comments and criticism of our operation will not fall on deaf ears if you will only communicate them to us directly.

Our goal is to make Belle Glade a better place to live not only through our contribution to the economic welfare, participation in civic affairs but also by avoiding everything possible that would be undesirable. We ask for everyone's patience and tolerance in turn for our assurance and active measures to minimize and correct the problem.

Sincerely yours,

George H. Verge, President, Sugar Cane Growers Cooperative of Florida

## Clarifying Safety Legislation

By Russell Kay

I am indebted to my friend W.H. (Bill) Reedy, State Representative of the 22nd District, for providing me with a resume of the highway safety legislation passed by the 1967 Legislature.

Cognizant of the alarming increase in the number of accidents on our streets and highways with their attendant deaths, injuries and property loss, Reedy has led the fight for better highway safety legislation.

He points out that the last Legislature enacted more safety legislation than any other state, and states that "national authorities recognize that Florida traffic laws now are the most advanced in the nation."

Space does not permit a review of all the safety bills enacted by the last Legislature.

which cover just about everything from operation of ambulances to regulations governing motor vehicles.

However, he feels clarification on a number of points, where the public is confused would be helpful.

Name's the law relating to motor vehicle inspection and removal of driver licenses. Concerning vehicle inspection, Mr. Reedy points out that the legislature aware of the difficulties and abuses developed by similar legislation in other states, was careful to avoid them and placed the jurisdiction and complete surveillance and authority under the Florida Highway Patrol, specifically the inspection division. Reedy feels that the inspection required: brakes, lights, horn, steering mechanism, windshield wipers, directional lights and tires, inspections to be made only by licensed inspectors, operated under strict supervision of the State Highway Patrol. Motorists are advised of any necessary repairs and are free to have the work done at private garages of the motorists' choice.

If the private garage or mechanic, the motorists' engages to correct deficiencies indicated by the licensed inspector, attempts to talk him into additional work that is strictly beyond the motorist and the agency he selects. All he is required to do under the law is to correct such items as the inspection indicated as necessary under the law.

In connection with the hunting and trapping in the State, Reedy points out that the bill does not require a driving test, nor a written test or physical or medical examination. It is merely a check of eyesight and hearing by the agency he selects. This law does not go into effect until 1970, along with the issuance of a photographic license. In some cases of deafness, the installation of outside and rear view mirrors will permit licensed drivers to be required to give evidence of their ability to read and understand the various types of road and highway signs and markers.

It is hoped that when these new laws become effective the terrible loss of life and property on our highways will be sharply reduced. They are not designed to harass or embarrass motorists but rather to protect him. If you would like to have a complete report of all new traffic safety legislation which may be secured from the Florida Legislative Service in Tallahassee or from your local Senator or Representative.

Mr. and Mrs. Steve Smith

## Deer Hunters Have Many Hunting Spots

TALLAHASSEE — A Florida deer hunter has more places to hunt than deer hunters in any southeastern state. A survey compiled by the Deer Hunters' Subcommittee of the Southeastern Association of Game and Fish Commissioners indicates that Florida, as a result of its wildlife management area program, is a leader in public hunting opportunities.

Over 14 percent of the commercial forest land, 29.5 percent of the Federal land and 44.2 percent of the National Forest land is included in a wildlife management area program where public hunting and wildlife are managed by the Florida Game and Fish Commission.

The Florida Hunter utilizes for 82.2 percent of his deer the wildlife management areas and that 23.8 percent of the deer harvested in the State are taken on wildlife management areas.

According to W. T. McBroom, Chairman, Game and Fish Commission, Florida initiated the plan of public hunting through a wildlife management area program in 1948 and has continued to set aside public hunting opportunities. At the present time, there are more than three million acres of hunting land included in the wildlife management area program.

## Happy New Year...

I watched with great interest the meeting of our president with the many heads of state during his recent visit to the far East. With the coming new year I hope Mr. Johnson makes some firm resolutions that will pull our nation out of the foreign and domestic dilemma which it finds itself.

We the American people are losing our patience with an administration that has continued its exorbitant spending while asking for a tax hike. The constantly changing story of why we're in Vietnam and the inability of our President to convince the American public that we belong there.

Even here at home with the millions and millions of dollars being spent on the War On Poverty there has been little change in the plight of the poor. Certain individuals have reaped a harvest of easy money through political appointments and it seems that the poor are the last people to benefit.

It is certain that the Johnson administration will go down in history as the administration that spent more and accomplished less than any administration in our history. Certainly the problems they faced were not simple ones, but it seems they only have one answer and that is to spend, spend, spend.

With the new year, perhaps will come some new thinking and some new attempts to control the spend, spend attitude that prevails. Perhaps we can establish a firm Vietnam policy and see it through to a quick and just settlement. Mr. Johnson would like to see himself re-elected next year, but I hope he doesn't use the lives of American troops or the plight of the impoverished as a means of satisfying his political ambitions.

## LOCAL BUSINESS

"The \$100 suit. Buying anything for less is sheer extravagance."

The above headline appears in one of the questions concerning the qualities of good advertising. It suggests what the best of advertising attempts to do.

Good advertising helps to educate the reader. It promises benefits which are not absent. Good advertising sells a product on the basis of superior service to the consumer.

Suits may be purchased for \$50 or \$20. But are they really less expensive than \$100 suits? Not necessarily. The \$100 suit may save money in cleaning and pressing bills. It may last longer than three \$50 suits. And more important to many men, the better quality suit is worth more because it always assures a well dressed appearance. Quality cannot be over-

## New Year's Watch Night Service First Baptist Church Dec. 30

On Sunday, Dec. 30, the First Baptist Church of Belle Glade will have the fifth Sunday Fellowship dinner after the morning service at 12 noon. Sunday night, beginning at 7 o'clock the college students home for the holidays will be speaking and will relate some thing of their life at college and about their studies.

## Nearly 300,000 Americans Addicted To Drug Habit

By Lewis Llewellyn

Some time ago Dr. James L. Goddard, commissioner of the Federal Food and Drug Administration, was quoted as saying to an audience of college students that marijuana was no worse than alcohol. If he had said that alcohol was as bad as marijuana, many would have agreed with him, but the implication of his statement was that marijuana was not so serious a problem as many considered it to be.

Coupling this statement with the well-known fact that many college students have been experimenting with "pot" (marijuana), LSD and other drugs, one might come to the conclusion that the nation was on the verge of a complete change of mind on the subject of the dangers of drug addiction.

## ADDITIONAL CLIMBING

Authorities have estimated that there are between 200,000 and 300,000 Americans who are addicted to drugs. The tide is upward.

On the other hand, there are many college students who refuse to go to pot. Some of them have tried the drug route to happiness and found that it led them to misery, instead.

Among college and university students there is an organization known as Campus Crusade for Christ which has been working for several years to show these young people that there is a better way than drugs to find the answer to what life is all about. Thousands of students have found Christ to be the answer for their individual lives.

## St. Peter's Lutheran Church Service Jan. 1

The Sacrament of the Lord's Supper will be received on New Year's Eve at Saint Peter's Lutheran Church. Rev. R. S. Roseman announces the New Year's Day service will be held January 1 at 10 a.m.

The pastor and congregation cordially invites you to attend these services.

## Jehovah's Witness Have Peak Attendance At Assembly

(LAKE WORTH) 1,426 of Jehovah's witnesses and interested persons packed out the John I. Leonard High School in Lake Worth for the three-day circuit assembly sponsored by the Watchtower Bible and Tract Society last weekend.

The main feature of the program was Sunday when peak attendance was reached for the afternoon Bible discourse, "Will God Intervene in Men's Affairs?"

Griffin, explaining this intervention by Jehovah God, exclaimed, "Shortly now he is going to intervene to a greater extent when he fights the war of Armageddon and destroys all those who are opposed to his righteous rule. The outcome of this divine intervention will mean that humankind will be able to live in peace, happiness, joy, and prosperity, not just a few years, but for all eternity."

Highlights of the convention included the opening address Friday evening by B. E. Griffin on the theme, "Walk Orderly By Spirit." He pointed out, "that a person must be guided in his life by the fruits of God's holy spirit which are love, joy, peace, long-suffering, kindness, goodness, mildness, faith, self-control, Application of scriptural principles are a must in the life of anyone to accomplish this. Our entire assembly program will be designed to aid in the accomplishing of this. The world in general is not interested or concerned about following God's laws; all true Christians must do so."

Saturday evening Griffin spoke to the delegates on the topic, "Examining Our Ministry." Keep in mind that the Belle Glade congregation of Jehovah's witnesses said, "this part of the program dealt with the increase of new ones added to the congregations. Figures showed a large increase in membership in Florida Circuit No. 8."

When you travel one of today's super highways, a small turn can sometimes be a welcome sight after a long, straight and monotonous stretch of road. In the course of our daily lives, it is often the little events that we remember and appreciate the most. Life would be dull if each day were an exact replica of the day before — if we saw only the people we saw yesterday; ate only the foods we ate the day before.

We can be pleased at the sight of a friend who has been away. We feel better because someone we didn't know smiled as we walked down a hallway. Someone invites us to a party or says, "Come to the house for dinner Sunday."

## Belle Glade Ministerium Meeting

At the meeting of the Belle Glade Area Ministerium conducted last Wednesday at the Glades General Hospital Cafeteria, a most favorable report was given concerning the good Thanksgiving Union Service. The offering given amounted to \$59.38 while the attendance was around 200. A check for \$150 was presented to Police Chief Chas. Goodlett to help those that the ministers refer to him for assistance.

Profitable information was shared in reference to the showing of the Billy Graham film, "The Restless Ones" which is scheduled for Jan. 28, 29, and 30 in the Senior High School Auditorium.

Rev. Madison R. Sindle, Rev. S. Edwards and Rev. Coffie were appointed as a nominating committee.

# Live your Faith. Light the world.

Mr. and Mrs. Carl Cone and Carl T. enjoyed Friday night Tuesday with their son-in-law and daughter, Mr. and Mrs. Kenneth Connor and children in Jacksonville.

A blessed New Year to you and your family.

January, the first month, gets its name from Janus, the two-faced Roman god, with one head looking backward, the other forward. We find a valuable lesson here. The New Year is a most appropriate time to look backward and learn from our failures. Failures can be stepping stones, for through mistakes we may develop patience, wisdom, and the will to try again.

Then, surely the New Year is a time for looking ahead. It will be filled with sorrows and joys, with failures and successes. We shall need a guide, one upon whom we can trust and rely. We can find that guide in Jesus Christ. With Him to guide us along the way, we can face the future with faith.

PRAYER: Our Father, as the New Year dawns, give us a vision of Thy will for us in the days ahead, and the strength to carry on. Increase our faith, renew our hope. In Christ's name we pray. Amen.

# JANUARY GARDENING GUIDE

**Plant:** Gladioli, dormant or container grown roses, trees and shrubs.

**Prune:** As little as possible.

**Fertilize:** Nutritional sprays on fruit trees. Light fertilization if lawn or shrubs appear "hungry." No heavy fertilization until March.

**Spray and Dust:** Use spray where needed. Mites and scales on ornamentals, brown patch fungus in lawns.

**Weather Protection:** Water enough to keep plants in good condition but not actively growing. IF FROST PREDICTED bank shrubs, protect plants with cardboard boxes, heavy paper, plastic or blankets. Use care to anchor well to ground, so cold does not come in at base.

Use stakes, etc., to keep covering from blowing plants and damaging them. AFTER A FROST, spray plants with water before sun shines on them. Keep watering until temperatures are above 32 degrees.

**Possible Bloom:** Orchids, Bougainvillea, Calla Lilies, Chinese Hat, Chrysanthemums, Dombeya, Geraniums, Gerbera Daisies, Gladioli, Marigolds, Oleanders, Orchid Trees, Pansies, Peonies, Petunias, Snapdragons, Sweetpeas. Many other annuals, perennials and shrubs.

For bulletins on gardening, contact your County Agricultural Agent's Office, 531 North Military Trail, West Palm Beach, Florida 33406.

**CLUB OF THANKS**  
The family of Michael A. Murphy, Jr., would like to express its gratitude to all those friends, whose many thoughtful acts and kind expressions of sympathy meant so much to him and to us during his extended illness and death.

## Atlanta Braves Will Begin Spring Training March 9

The Atlanta Braves, hoping to battle back as a contender in the National League, will start their twenty-seventh game of the 1968 Spring Training schedule on March 9 in West Palm Beach at the Stadium. The schedule includes seven games against seven American League clubs in the spring, and seven games against six National League opponents. The seven American League teams the Braves will face in the spring are: Minnesota, Washington, Baltimore, New York, Oakland, Boston and Detroit. From the National League, the Braves will play Los Angeles, Cincinnati, Philadelphia, New York, Houston and St. Louis. Fourteen of the games will be played in the Braves Spring Training headquarters at West Palm Beach, eight on the road and five in Atlanta Stadium. The five previously announced games in Atlanta include two against the 1967 American League pennant winning Boston Red Sox on March 23 and 24 and three against the 1966 World Champion Baltimore Orioles on April 5, 6 and 7. The American League top-winning, right-handed Jim Lonborg, Boston has been tentatively named to start one of the games for the Red Sox in Atlanta.

## Rainbow Girls Entertained Godfathers

The Order of Rainbow for Girls Belle Glade Assembly No. 1 entertained their God Fathers and their wives Dec. 18 with a banquet at the Community Center. There were approximately 133 attending the yearly event. The Rainbow Girls chose Mason's of Belle Glade Lodge No. 273 as their godfathers, for a period of one year. The hall was decorated with Christmas Holly and a Santa Boot filled with Christmas flowers was used at the head table. There was also a tree decorated with silver and trimmed with red balls. The program opened with the invocation given by Joe T. Guerry, Jr., president of the Masonic Lodge. The Grand March the group sang Christmas carols led by Kathryn Smith, accompanied by Patty Stevenson. The songs were, "O Come All Ye Faithful," "Jingle Bells," "O Little Town of Bethlehem," "We Three Kings" and "Angels We Have Heard On High." Patty Stevenson presented readings entitled Mrs. Santa and her Little Elves and "Is There Really a Santa Claus." The closing address was given by Worthy Advisor Jennie Lynn Lewis and Mrs. Jo Aspy, Mother Advisor. "Silent Night" was sung by Patty Stevenson. Cathy Bartle was in charge of games and prizes were given to two groups in the scavenger game and a drawing in the dark by Mrs. C. W. McDonald won a prize.

**CORRECTION**  
A girl's name was misspelled on the High School Honor Roll last week on the Ram Page. Under the 10th grade honor mention, the name misspelled was Dicie Slade. Corrected it is Dede Slade.

## 4,305 Voluntarily Resign From State Welfare Roll

A total of 4,305 persons have voluntarily requested that their names be dropped from the state welfare rolls which will save the state \$2,667,898 a year, State Senator Jerry Thomas (D-Lake Park) said today. The senator said they are welfare recipients who prefer not to comply with the new claim law which would give the state, after the death of the recipient, the right to recover welfare aid paid them during their life-time. Thomas, who introduced the bill providing for the state welfare department to file a claim against the estate, said that 223 persons who applied for assistance decided they could get along without state aid after they had the new claim law explained to them. The 223 new cases would have cost the state \$12,319 a month or \$147,830 a year, the senator explained. "No one wants to deny the needy assistance but certainly those who should and can receive assistance elsewhere, from children or relatives, should not impose an additional burden on the state and its taxpayers," Thomas said.

The program opened with the invocation given by Joe T. Guerry, Jr., president of the Masonic Lodge. The Grand March the group sang Christmas carols led by Kathryn Smith, accompanied by Patty Stevenson.

The songs were, "O Come All Ye Faithful," "Jingle Bells," "O Little Town of Bethlehem," "We Three Kings" and "Angels We Have Heard On High."

Patty Stevenson presented readings entitled Mrs. Santa and her Little Elves and "Is There Really a Santa Claus."

The closing address was given by Worthy Advisor Jennie Lynn Lewis and Mrs. Jo Aspy, Mother Advisor. "Silent Night" was sung by Patty Stevenson.

Cathy Bartle was in charge of games and prizes were given to two groups in the scavenger game and a drawing in the dark by Mrs. C. W. McDonald won a prize.
